CHAKRA TILES

Seven Chakras, One Harmony,Terrazzo Infused With Healing Energy

THE CHAKRA TILES

The Chakras Collection is a thoughtfully crafted 7-tile terrazzo series that draws inspiration from the body's seven chakras and their corresponding healing crystals. Each tile embodies the unique energy and symbolism of its respective chakra, creating a harmonious blend of spirituality and artistic surface design. This collection transcends conventional tile design by infusing every piece with a sense of balance and vitality, making it a perfect choice for spaces that seek not only aesthetic appeal but also a deeper connection to inner energy.

Developed under the insightful guidance of energy alchemist Molly Kapoor, the collection reflects a nuanced understanding of chakra energies and their transformative power. Designed by Tanvi Gaur, in-house product designer at Bharat Floorings & Tiles, the Chakras Collection beautifully bridges the gap between ancient healing traditions and contemporary terrazzo artistry. Together, their collaboration results in a series that is as meaningful as it is visually striking - ideal for those who want their surroundings to resonate with positive energy and mindful creativity.
