

Stilan® Heavy Duty Non Slip Tiles

Conforming to IS (13801-1993)

TECHNICAL DATA COMPOSITION

Topping Cement, pigment, filler,
Stilan® abrasion resistance grain
Backing Grey cement, Stone grit/ Dust

Topping Layer - 6mm to 8mm
(IS spec 5mm to 6mm)
Backing Layer - 17mm to 19mm

Wet Transverse Strength
Above 3N/mm2

Abrasion Test
Below 3.5 mm

Water Absorption
Below 10%

Standard Size
20cmx20cm, 25cmx25cm,
30cmx30cm, 40cmx40cm

Thickness For Flooring Tile
General use 25mm,
Heavy Duty 30mm

Abrasion Resistance

Impact Resistance

Colours

General Purpose Maximum 3.5mm

Good

Grey, Red, Fawn, Dark Green, Dark Brown,
Black, Silver Grey, Crazy Green, Yellow,
Cream, White

Quality you can trust

Bharat is a pioneer and quality leader for over 90 years. Bharat is the most trusted name in quality cement tiles, and STILAN® non-slip tiles represent this to the fullest extent. STILAN® non-slip tiles are made from quality ingredients

- Rich cement mix to ensure longevity;
- ISO pigments to ensure colours are non-fading and sunlight/UV fast;
- Rust-free- does not contain iron flakes or fillings;
- Perfectly finished edges and corners;
- Stringently tested for abrasion resistance;
- Exceeds IS 13801 for chequered (non-slip) cement heavy duty tiles.
